The Center for Excellence in eLearning (CeEL) is pleased to host Canopy Consultation Days, a professional development event offering faculty an opportunity to work one-on-one with instructional technologists, designers, and support specialists, on a walk-in basis. Consultants will be available to answer questions about Blackboard, Kaltura, Echo360, Catalyst, Examity, course accessibility, and strategies for improving teaching and learning.

**Topics include:**

- Building dynamic, inclusive, and effective learner-centric courses.
- Preparing the Grade Center for Fall Semester (e.g., configuring weighted grades, creating categories, and Smart Views).
- Assigning, collecting, and grading assignments using Box View with SafeAssign in Blackboard.
- Building tests and surveys, adding questions with Respondus Test Maker, and remote proctoring using Examity.
- Increasing student participation using discussion boards, blogs, wikis, and groups.
- Producing captivating video with Kaltura’s CaptureSpace and engaging students with Echo360.
- Using WebEx to create meaningful distance learning experiences.
- Creating universally accessible course content and captioning video with Cielo24.

**Canopy Consultations**

**When:** Thursday, January 10 and Friday, January 11 from 9:00 AM - 4:00 PM

**Where:** N21, Clifton Court North Pavilion

See UC’s Visitor’s page for maps of west campus and directions to Clifton Court North Pavilion. Free validated parking is available in the Clifton Court Garage. Be sure to ask your consultant for a parking voucher.
